# AI BASE BOT TRADING

A Trusted Broker Of  
Forex & Crypto Trading

# What is **Forex**?

Forex is one of the most enormous and liquid markets around the globe. In 2010, the forex market accounted for more than 3 trillion dollars of daily trading. Over the last decade, a 40% increase in the daily volume of forex trade with 6.6 trillion Dollars each day is seen. This marks a nine-year peak since 2010. But the surprising fact is that the market did not exist a century ago. Unlike the stock market, we cannot trace the roots of the forex market.

Global  
Decentralized or  
over-the-counter  
(OTC) market.

### What is Manual Trading ?

**Manual trading** is a trading process that involves human decision-making for entering and exiting trades. This is in contrast to automated trading which employs computer programs that originate trades based on algorithmic or human-instructed criteria.

### What is Copy Trading ?

**Copy trading** lets less experienced traders copy the same trades of more skilled investors. In short, copy trading is literally copying someone's work, but in a good way.

### Why We Call Them a AI Bot Trading ?

An automated trading system, a subset of algorithmic trading, uses a computer program to create buy and sell orders and automatically submits the orders to a market center or exchange.

## Make Your Crypto **Transactions Easier**

A cryptocurrency is a digital or virtual currency that is secured by cryptography, which makes it nearly impossible to counterfeit or double-spend. Many cryptocurrencies are decentralized networks based on blockchain technology a distributed ledger enforced by a disparate network of computers. A defining feature of cryptocurrencies is that they are generally not issued by any central authority, rendering them theoretically immune to government interference or manipulation.

# About Us

GrowFX Live is a Australia based forex broker that has obtained a regulatory license from the Australian Securities and Investments Commission (ASIC) and Financial Market Authority (FMA) Australia. We also hold a digital asset management license. In 2012, GrowFX Live officially launched our global financial products and digital asset trading platform, providing global users with a one-stop diversified financial service platform.

Our AI analysis trading system, the AI BOT System works by aggregating market information, transaction volume, and other relevant data to accurately predict market trends. After several months of testing, the AI BOT System has achieved an average win rate of 94.2%, setting a dazzling record.
